

Do you share our ethos?

We believe in producing fresh, high-quality produce that tastes delicious and does not damage the environment, thus using a wood biomass burner to generate heat, as an alternative to fossil fuels.

In late 2018, we installed a new biomass boiler at our Brierley site near Leominster, Herefordshire as we aim to increase our energy independence and reduce pollution.

We are pleased to offer the opportunity for the following full-time, permanent vacancy:

Boiler Operator

As a Boiler Operator, you will be working in a small team supported by the Production Manager and assisting with ensuring the boiler has sufficient fuel and monitoring boiler performance by adjusting various parameters via a bespoke PLC system to optimize performance.

The main duties and responsibilities include:

- Physical management of chip stockpiles & loading fuel into the receptor.
- Weighbridge operation.
- Maintenance work during the shutdown period approx. May to August.
- Maintain supporting documentation.
- Comply with all Health & Safety requirements.

Applicants' desirable skills and behaviours:

- Mechanical experience training available.
- Basic understanding of PLC control systems training available.
- FLT/Telescopic qualification Training available.

The hours for this position will vary but will not exceed 48 hours averaged over a 17-week period. Working days will be based on 4-on 4-off rota basis, 12hrs/day shifts (7am – 7pm).

Approx May to August shifts will revert to Monday to Friday during shut down for annual maintenance tasks.

Our people are core to our business, and we are proud of providing a working environment that allows people to grow and develop in all areas of the business. The atmosphere at S&A is fast paced, exhilarating and rewarding.

We offer a competitive salary, 33 days annual leave, exclusive high street discounts via our benefits hub, EAP Programme, discretionary Company Sick Pay, discounted gym membership and much more.
