

Excellent Opportunity in our IT Department

Business Systems Engineer

S&A Produce is one of the UK's largest independent strawberry growers. The Group, which also has berry growing operations overseas, uses modern and innovative growing techniques to drive and support its year-round soft fruit business. Our principal customers include the major multiple food retailers.

The very nature of fresh produce guarantees frequent issues that demand instant action to resolve. However, you can feel confident that there is no better place to be, you will be working with good people, people that have genuine passion, tenacity, and dedication to support us in our version of becoming a flagship UK grower.

We are excited to offer the opportunity for the following full-time, permanent vacancy within our IT Department, based in Marden, Herefordshire

Business Systems Engineer

We are looking for someone to assist the Business Systems Manager with maintaining and improving all business operating systems by offering a responsive and considerate approach to issues and changes. Responsibility for delivering critical business data and supporting custom farming application development primarily using C# programming language. Working closely with the Software Development Engineer, this position ensures reliable database operations while providing responsive customer support through data delivery via Microsoft SSRS and Power BI reporting solutions.

MAIN RESPONSIBILITIES

1. Administer and maintain SQL Server databases following Microsoft recommended practices and standards
2. Monitor, optimise, and troubleshoot database performance and security.
3. Data extraction and delivery to meet business and customer requirements.
4. Maintain and enhance existing business SQL code, stored procedures, and database objects that support core business systems.
5. Assist with support / bug fixing C# and VB.net code as required. There is an opportunity to develop more if desired.
6. Provide 3rd line and on call support for systems and data related issues when require
7. Maintain up to date awareness of the Business Systems market and best practice, advising senior management and suggesting and managing the adoption of best practice where relevant in areas pertaining to business systems and management information.
8. Support the information needs of the business through the production of reports and management information as require

We offer:

- Competitive salary
 - 33 days annual leave
 - Range of financial & wellbeing benefits
 - Scope to uncover your potential with a rapidly expanding, independent business.
- Please apply by email to:
ruthjoesbury@sagroup.co.uk and attach an up to-date CV.
