

FRESH PRODUCE

## Excellent Opportunity in our R&D Department

As a leading British and international soft fruit producer, we are extremely passionate about underpinning our growing techniques with a significant research and development programme.

We have invested in industry leading trial and research facilities at our farm in Herefordshire.

We are currently looking for the following full time, permanent vacancy at our Head Office in Marden:

### Laboratory Analyst

Working within the R&D team, you will be reporting on the levels of macro + micronutrients in a variety of sample types to assist the growers to tailor fertigation recipes to match plant uptake/demand.

The ideal applicant will need to have:

- Previous experience working with ICP-OES + HPLC instrumentation.
- Willingness to learn and develop new skills
- Full driving license
- Good IT skills including MS office

- Excellent communication skills and the ability to build effective working relationships both internally and externally
- Ability to work on own initiative
- Proven attention to detail

Due to the seasonal nature of the role the suitable candidate must be willing to have a flexible approach to hours at the busiest times of year; there will be an expectation for overtime to be worked at peak periods.

Our people are core to our business and we are proud of providing a working environment that allows people to grow and develop in all areas of the business. The atmosphere at S&A is fast paced, exhilarating and rewarding.

Please apply by e-mail to: [jkennedy@sagroup.co.uk](mailto:jkennedy@sagroup.co.uk) with confirmation that you have read our Candidate Privacy Notice, available on our website.
